What is the LETS Value Volunteers Fund?

A key principle of the boroughs Let's Do It strategy is working together and building on the strengths of our local communities to improve the lives of residents. We know that volunteers play a crucial role in this work every day of the year and want to ensure this is recognised.

Expanding on this the 2026-30 Bury Volunteer Strategy highlights four key themes that contribute to support and grow volunteering in Bury, these may be useful to think about in your application.

- 'Awareness and Appreciation' ensuring that volunteering is recognised and valued by everyone
- 'Power' volunteers and communities lead the change they want to see,

- ‘Equality and Inclusion’ enabling everyone to volunteer and make valued contributions
- ‘Collaboration and Innovation’ working together and trying new ideas.

With the strategy in mind this funding round is for micro and small voluntary, community, and social enterprise (VCSE) organisations to help them **remove barriers to volunteering and create more inclusive, accessible opportunities**. It aims to support and value volunteers by addressing practical challenges, reducing financial pressures, and enabling more people to take part.

We recognise that VCSE organisations are best placed to understand the needs of their volunteers. Funding can be used flexibly, for example:

- To cover out-of-pocket expenses so that cost is not a barrier to volunteering
- To provide specialist equipment or adaptations that enable a wider range of people to participate
- To support inclusive recruitment and engagement of volunteers
- To offer training and development opportunities for volunteers
- To strengthen a positive and supportive volunteer culture within your organisation
- To support ways of promoting and showcasing the range and diversity of volunteer contributions in your organisation, so people from all backgrounds can see themselves represented and feel that volunteering is accessible and relevant to them.

How much can you apply for?

VCSE organisations can apply to the Lets Value Volunteers Grants for up to a maximum of £250. If you have successfully applied for the previous round of the Lets Value Volunteers Grant you can do so again.

Out-of-pocket expenses

If you are supporting out-of-pocket expenses, it is important to follow best practices to ensure that there is no impact on any individual's tax or benefits, etc.

All volunteers should be reimbursed for genuine out-of-pocket expenses, i.e. the exact amount volunteers have spent in the course of their volunteering.

You should keep records of how the expenses are distributed—a simple claim form can help. Keep it brief and only ask for relevant information, e.g., the names, dates, amounts, and signatures of the volunteer and person authorising the payment.

Organisations should, as far as possible, ask for and keep receipts from each volunteer.

If mileage is supported as part of travel expenses, the amount reimbursed for mileage should be based on the authorised mileage rates allowed by the Inland Revenue. www.gov.uk/government/publications/rates-and-allowances-travel-mileage-and-fuel-allowances/travel-mileage-and-fuel-rates-and-allowances

Car insurance and volunteer drivers: Volunteers using their own vehicle must have

a full driving licence and volunteer usage covered on their car insurance. If volunteers are also using their vehicle to transport beneficiaries, then the insurance must also cover carrying passengers.

For further information, see: <https://www.ncvo.org.uk/help-and-guidance/involving-volunteers/volunteers-and-the-law/volunteer-drivers/#/>

- Activities that have already taken place
- Contributions to major appeals
- Any activities promoting political or religious beliefs
- Any activities where there is a statutory duty to undertake them

How to apply

Organisations that wish to apply will need to complete the application form and submit it by email to grants@buryvcfa.org.uk

When is the closing date for applications?

The fund will close to applications the 2nd of August.

How will applications be assessed?

Upon receipt of applications, Bury VCFA will conduct several eligibility checks. If eligible for funding, the application will be forwarded to Bury Council for ratification.

When will we hear the outcome?

We aim to inform successful applicants by the end of November. Unsuccessful applicants will be provided with a summary of feedback from the assessment panel.

If successful, when will we receive the grant?

To ensure swift payment, the application form includes accepting the grant's terms and conditions. Payment will be triggered once your application is successful, typically being made within 10 working days.

To avoid delays, for organisations that have not received a grant from Bury VCFA before (or have changed their bank account since their last award), we will also require proof of bank details, such as a scan or photo of a bank statement or paying-in slip. **Please include this in your application.** Your payment will be delayed without this.

How long will we have to spend the grant?

We ask about the date and time of your activity within the form. All grant activity must be completed by the end of August 2027. However, we anticipate that the vast majority of grants will be spent before this and monitoring for this grant is due one month after the dates submitted within your application.

What monitoring will you need?

Ultimately for this grant, we need evidence of what you have done with the funding and the difference it has made. This may be a short report of activity, a case study or photos of your event and feedback from volunteers.

We may also select your project for a monitoring visit (in person or remotely) to help us understand how you are getting on and if you're in need of any support.

As these grants come from public money, you are required to keep receipts for all project spending after your project is completed. We undertake a number of spot audits each year, and you may be asked to provide evidence of your spending.

Your monitoring is important it helps us to demonstrate how these grants and investments make a real difference to groups and local residents as well as reporting back to funders and wider partners to secure investment for the future.
